The Public Relations Strategic Toolkit

Alison Theaker 2017-10-12 The Public Relations Strategic Toolkit presents guidance to instruct and educate students and professionals of public relations and corporate communications. Alison Theaker and Heather Yaxley cover every aspect of critical practice, including definitions of public relations, key theoretical concepts and both original and established methodological approaches. Case studies and interviews are featured to provide real-world context and advice for professional development. The new edition is fully revised with brand new case studies and updated content which reflect significant developments in theory and contemporary practice. It puts particular emphasis on the use of technology (including automation) and social media in current public relations planning, corporate communications and stakeholder engagement. The book is divided into four parts; covering the profession, public relations planning, corporate communication and stakeholder engagement. Features include: definitions of key terms contemporary case studies interviews with practitioners handy checklists practical activities and assignments. By combining theory and practice, with an invaluable insight from

experts in the field, this guide will introduce readers to all the professional skills needed for a career in public relations.

Strategic Communication, Social Media and Democracy W. Timothy Coombs 2015-08-11

Today almost everyone in the developed world spends time online and anyone involved in strategic communication must think digitally. The magnitude of change may be up for debate but the trend is unstoppable, dramatically reconfiguring business models, organisational structures and even the practice of democracy. *Strategic Communication, Social Media and Democracy* provides a wholly new framework for understanding this reality, a reality that is transforming the way both practitioners and theoreticians navigate this fast-moving environment. Firmly rooted in empirical research, and resisting the lure of over-optimistic communication dreams, it explores both the potential that social media offers for changing the relationships between organisations and stakeholders, and critically analyses what has been achieved so far. This innovative text will be of great interest to researchers, educators and advanced students in strategic communications, public relations, corporate communication, new media, social media and communication management.

Outlines and Highlights for Corporate Communications Cram101 Textbook Reviews 2011-05 Never HIGHLIGHT a Book Again! The Routledge Handbook of Strategic Communication Derina Holtzhausen 2014-11-20 The Routledge Handbook of Strategic Communication provides a comprehensive review of research in the strategic communication domain and offers educators and graduate-level students a compilation of approaches to and studies of varying aspects of the field. The volume provides insights into ongoing discussions that build an emerging body of knowledge. Focusing on the metatheoretical, philosophical, and applied aspects of strategic communication, the parts of the volume cover: • Conceptual foundations, • Institutional and organizational dimensions, • Implementing strategic communication, and • Domains of practice An international set of authors contributes to this volume, illustrating the broad arena in which this work is taking place. A timely volume surveying the current state of scholarship, this Handbook is essential reading for scholars in strategic communication at all levels of experience.

Rhetorical and Critical Approaches to Public Relations II Robert L. Heath 2009-03-04 This volume illustrates the application of rhetorical theory and critical perspectives to explain public relations practices. It provides a systematic and coherent statement of the crucial guidelines and philosophical underpinnings of public relations. *Rhetorical and Critical Approaches to Public Relations II* addresses the rhetorical/critical tradition's contribution to the definition of public relations and PR practice; explores the role of PR in creating shared meaning in

support of publicity and promotional organizational efforts; considers the tradition's contributions to risk, crisis, and issues dimensions of public relations; and highlights ethics, character, and responsible advocacy. It uses a rhetorical lens to provide practitioners with a sense of how their PR campaigns make a contribution to the organizational bottom line.

Corporate Communications Lars Thøeager Christensen 2008-02-28 The field of corporate communications describes the practices organizations use to communicate as coherent corporate 'bodies'. Drawing on the metaphor of the body and on a variety of theories and disciplines the text challenges the idealized notion that organizations can and should communicate as unified wholes. The authors pose important questions such as: - Where does the central idea of corporate communications come from? - What are the underlying assumptions of most corporate communications practices? - What are the organizational and ethical challenges of attempting truly 'corporate' communication? Clearly written with international vignettes and executive briefings, this book shows that in a complex world the management of communication needs to embrace multiple opinions and voices. Rewarding readers with a deeper understanding of corporate communications, the text will be a 'must read' for advanced undergraduates, graduate students, and scholars, in the arenas of corporate communications, organizational communication, employee relations, marketing, public relations and corporate identity management. Practitioners in these areas will be provoked to re-examine their assumptions and habits.

International Review of Industrial and Organizational Psychology 2010 Gerard P. Hodgkinson 2010-02-04 This is the twenty-fifth volume in the most prestigious annual series for the field of industrial and organizational psychology. Continuing the tradition of providing scholarly, up-to-the-

minute reviews and updates of theory and research, this volume surveys developments in such familiar areas as employee selection, team cognition and adaptation, leadership, and diversity management. Newer topics include corporate communications, coaching, and positive organizational behavior. Each chapter offers a comprehensive and critical survey of the topic and is supported by a valuable bibliography.

The SAGE Encyclopedia of Corporate Reputation Craig E. Carroll 2016-05-31

What creates corporate reputations and how should organizations respond?

Corporate reputation is a growing research field in disciplines as diverse as communication, management, marketing, industrial and organizational psychology, and sociology. As a formal area of academic study, it is relatively young with roots in the 1980s and the emergence of specialized reputation rankings for industries, products/services, and performance dimensions and for regions. Such rankings resulted in competition between organizations and the alignment of organizational activities to qualify and improve standings in the rankings. In addition, today's changing stakeholder expectations, the growth of advocacy, demand for more disclosures and greater transparency, and globalized, mediatized environments create new challenges, pitfalls, and opportunities for organizations. Successfully engaging, dealing with, and working through reputational challenges requires an understanding of options and tools for organizational decision-making and stakeholder engagement. For the first time, the vast and important field of corporate reputation is explored in the format of an encyclopedic reference. The SAGE Encyclopedia of Corporate Reputation comprehensively overviews concepts and techniques for identifying, building, measuring, monitoring, evaluating, maintaining, valuing, living up to and/or changing corporate reputations. Key features include: 300 signed entries are organized in A-to-Z fashion in 2 volumes

available in a choice of electronic or print formats Entries conclude with Cross-References and Further Readings to guide students to in-depth resources. Although organized A-to-Z, a thematic "Reader's Guide" in the front matter groups related entries by broad areas A Chronology provides historical perspective on the development of corporate reputation as a discrete field of study. A Resource Guide in the back matter lists classic books, key journals, associations, websites, and selected degree programs of relevance to corporate reputation. A General Bibliography will be accompanied by visual maps noting the relationships between the various disciplines touching upon corporate reputation studies. The work concludes with a comprehensive Index, which—in the electronic version—combines with the Reader's Guide and Cross-References to provide thorough search-and-browse capabilities

Corporate Communications Lars Thoege Christensen 2008-02-28 The field of corporate communications describes the practices organizations use to communicate as coherent corporate 'bodies'. Drawing on the metaphor of the body and on a variety of theories and disciplines the text challenges the idealized notion that organizations can and should communicate as unified wholes. The authors pose important questions such as: - Where does the central idea of corporate communications come from? - What are the underlying assumptions of most corporate communications practices? - What are the organizational and ethical challenges of attempting truly 'corporate' communication? Clearly written with international vignettes and executive briefings, this book shows that in a complex world the management of communication needs to embrace multiple opinions and voices. Rewarding readers with a deeper understanding of corporate communications, the text will be a 'must read' for advanced undergraduates, graduate students, and scholars, in the arenas of corporate communications,

organizational communication, employee relations, marketing, public relations and corporate identity management. Practitioners in these areas will be provoked to re-examine their assumptions and habits.

Marketing Management Luca M. Visconti 2020-05-04 Culture pervades consumption and marketing activity in ways that potentially benefit marketing managers. This book provides a comprehensive account of cultural knowledge and skills useful in strategic marketing management. In making these cultural concepts and frameworks accessible and in discussing how to use them, this edited textbook goes beyond the identification of historical, sociocultural, and political factors impinging upon consumer cultures and their effects on market outcomes. This fully updated and restructured new edition provides two new introductory chapters on culture and marketing practice and improved pedagogy, to give a deeper understanding of how culture pervades consumption and marketing phenomena; the way market meanings are made, circulated, and negotiated; and the environmental, ethical, experiential, social, and symbolic implications of consumption and marketing. The authors highlight the benefits that managers can reap from applying interpretive cultural approaches across the realm of strategic marketing activities including: market segmentation, product and brand positioning, market research, pricing, product development, advertising, and retail distribution. Global contributions are grounded in the authors' primary research with a range of companies including Cadbury's Flake, Dior, Dove, General Motors, HOM, Hummer, Kjaer Group, Le Bon Coin, Mama Shelter, Mecca Cola, Prada, SignBank, and the Twilight community. This edited volume, which compiles the work of 58 scholars from 14 countries, delivers a truly innovative, multinationally focused marketing management textbook. *Marketing Management: A Cultural Perspective* is a timely and relevant learning resource for

marketing students, lecturers, and managers across the world.

Digital Organizing Ursula Plesner 2019-11-14 This important new textbook offers a lively and topical discussion of how digital technologies impact various aspects of organizations, such as structure, knowledge, collaboration, communication, identity, legitimacy and power. Taking a critical and nuanced approach, this engaging textbook introduces readers to central themes in organization studies and reflects on how changes brought about by digitalization have important implications for private, public and voluntary organizations, and on practical disciplines such as strategy, management, innovation and entrepreneurship. Contemporary case studies drawn from a wide range of international organizations demonstrate the real-world relationship between digital technologies and organizing. This is an essential textbook for final year undergraduates, postgraduates and MBA students taking a module in technology and organization. It is also suitable for any student of organizational studies wanting to understand more about the role that the digital plays in contemporary organizing. *Reassessing the Relationship between Marketing and Public Relations* Lisa Dühring 2017-04-24 Lisa Dühring reconstructs the relationship between public relations and marketing research on a metatheoretical level. She presents a concise systematization of the theoretical discourse in both disciplines since the beginning of the twentieth century by differentiating key phases of development and evaluating current research approaches. This study argues for a stronger connection of both disciplines and a better profiling within the mother disciplines of communication and business studies by fostering critical and interpretative approaches. This book is strongly recommended to everybody interested in the history and epistemology of marketing and public relations theory and the relationship between both fields. *Corporate Reputation and the News Media*

Craig Carroll 2010-09-01 This volume examines agenda-setting theory as it applies to the news media's influence on corporate reputation. It presents interdisciplinary, international, and empirical investigations examining the relationship between corporate reputation and the news media throughout the world. Providing coverage of more than twenty-five countries, contributors write about their local media and business communities, representing developed, emerging, and frontier markets - including Argentina, Brazil, Chile, China, Germany, Greece, Japan, Nigeria, Spain, and Turkey, among others. The chapters present primary and secondary research on various geo-political issues, the nature of the news media, the practice of public relations, and the role of public relations agencies in each of the various countries. Each chapter is structured to consider two to three hypotheses in the country under discussion, including: the impact of media visibility on organizational prominence, top-of-mind awareness and brand-name recognition the impact of media favorability on the public's organizational images of these firms how media coverage of specific public issues and news topics relates to the associations people form of specific firms. Contributors contextualize their findings in light of the geopolitical environment of their home countries, the nature of their media systems, and the relationship between business and the news media within their countries' borders. Incorporating scholarship from a broad range of disciplines, including advertising, strategic management, business, political communication, and sociology, this volume has much to offer scholars and students examining business and the news media.

The Instigatory Theory of NGO Communication

Evandro Oliveira
2019-05-31 By understanding the ontogenesis of NGOs as civil society organizations from a historical-anthropological, communicational, sociological, economical and managerial perspective, Evandro Oliveira outlines the

Instigatory Theory of NGO Communication (ITNC). This proposes the ontological principles, an applied conceptual model and a cybernetic operational model for understanding and managing communication at NGOs. Those models were tested using a mixed-method research design.

Movements in Organizational Communication Research Jamie McDonald
2019-03-15 *Movements in Organizational Communication Research* is an essential resource for anyone wishing to become familiar with the current state of organizational communication research and key trends in the field. Seasoned organizational communication scholars will find that the book provides unique insights by way of the intergenerational dialogue that is found in the book, as well as the contributors' stories about their scholarly trajectories. Those who are new to the field will find that the book enables them to familiarize themselves with the field and become a part of the organizational communication scholarly community in an inviting and accessible way. Key features of the book include: A review of current issues and future directions in 13 topical areas of organizational communication research. Intergenerational dialogue and collaboration between both established and emerging scholars in their specialty areas. Reflections by the authors on their scholarly trajectories and how they became a part of the field. Discussion questions at the end of each chapter that prompt reflections and debate. The book also features online resources for instructors: Sample course syllabus Suggested case studies from the book Cases in Organization and Managerial Communication to align with this book's chapters The book is recommended as the anchor text for introductory graduate-level courses and upper-level undergraduate courses in organizational communication. It is also an excellent supplementary text for advanced doctoral-level courses in organizational communication, and courses in related fields such as organization

studies, organizational behavior, and management.

Integrated communication Marita Vos and Henny Schoemaker 2011-12-01 The book offers an integrated approach of communication for organisations to professionals and students in communication management, public relations and communication sciences.

Public Relations Cases Danny Moss 2010-07-16 This unique collection of contemporary international public relations case studies gives the reader in-depth insight into effective public relations practice in a range of organizational contexts. The cases demonstrate the breadth of modern public relations practice and the increasing importance and sophistication of this function both in public and private sector organizations. This second edition of *Public Relations Cases* builds on the success of the previous edition to offer new insights into the changing face of contemporary public relations and the development of PR and communication strategies. The book also examines: The use of social media and blogging as a communications medium The growing importance of corporate social responsibility programmes Local authority identity change High profile international charitable fundraising Sports sponsorship Property sector PR. Featuring cases from around the world, including the UK, India, Korea, Denmark, Croatia and the US, this book is an invaluable resource for teachers, researchers and students working in public relations, corporate communication and public affairs.

Accompanies: 9780872893795. This item is printed on demand.

The Routledge Handbook of Language and Professional Communication Vijay Bhatia 2014-02-24 The Routledge Handbook of Language and Professional Communication provides a broad coverage of the key areas where language and professional communication intersect and gives a comprehensive account of the field. The four main sections of the Handbook cover: Approaches to Professional Communication Practice Acquisition of Professional Competence Views from the Professions This invaluable reference book incorporates not only an historical view of the field, but also looks to possible future developments. Contributions from international scholars and practitioners, focusing on specific issues, explore the major approaches to professional communication and bring into focus recent research. This is the first handbook of language and professional communication to account for both pedagogic and practitioner perspectives and as such is an essential reference for postgraduate students and those researching and working in the areas of applied linguistics and professional communication.

Handbook of Management Communication François Cooren 2021-08-23 Management communication encompasses a wide range of practices that define modern organizations. Those practices are, in many respects, constituted, formed and contextualized by the use of language. This handbook traces the theoretical modelling of these practices by contemporary research. It explores their linguistic features and performance in specific situations of value creation and in various modes. It is a companion for students and scholars of applied linguistics and organizational communication as well as management and strategy research.

The Handbook of Communication Ethics George Cheney 2011-01-18 The Handbook of Communication Ethics serves as a comprehensive guide to the study of communication and ethics. It brings together analyses and applications based on recognized ethical theories as well as those

outside the traditional domain of ethics but which engage important questions of power, equality, and justice. The work herein encourages readers to make important connections between matters of social justice and ethical theory. This volume makes an unparalleled contribution to the literature of communication studies, through consolidating knowledge about the multiple relationships between communication and ethics; by systematically treating areas of application; and by introducing explicit and implicit examinations of communication ethics to one another. The Handbook takes an international approach, analyzing diverse cultural contexts and comparative assessments. The chapters in this volume cover a wide range of theoretical perspectives on communication and ethics, including feminist, postmodern and postcolonial; engage with communication contexts such as interpersonal and small group communication, journalism, new media, visual communication, public relations, and marketing; and explore contemporary issues such as democracy, religion, secularism, the environment, trade, law, and economics. The chapters also consider the dialectical tensions between theory and practice; academic and popular discourses; universalism and particularism; the global and the local; and rationality and emotion. An invaluable resource for scholars in communication and related disciplines, the Handbook also serves as a main point of reference in graduate and upper-division undergraduate courses in communication and ethics. It stands as an exceptionally comprehensive resource for the study of communication and ethics.

Managing Corporate Communication

Rossella Gambetti 2017-09-16 Corporate communication is an increasingly powerful strategic tool for connecting with a company's stakeholders. This book features contributions from leading international academics, combining a strong theoretical grounding and the latest research with a practical, managerial focus. Ideal for

students and practitioners of corporate communications.

Handbook of Narratology Peter Hühn 2014-10-10 This handbook provides a systematic overview of the present state of international research in narratology and is now available in a second, completely revised and expanded edition. Detailed individual studies by internationally renowned narratologists elucidate central terms of narratology, present a critical account of the major research positions and their historical development and indicate directions for future research.

Mediatization of Communication Knut Lundby 2014-08-25 This handbook on Mediatization of Communication uncovers the interrelation between media changes and changes in culture and society. This is essential to understand contemporary trends and transformations. "Mediatization" characterizes changes in practices, cultures and institutions in media-saturated societies, thus denoting transformations of these societies themselves. This volume offers 31 contributions by leading media and communication scholars from the humanities and social sciences, with different approaches to mediatization of communication. The chapters span from how mediatization meets climate change and contribute to globalization to questions on life and death in mediatized settings. The book deals with mass media as well as communication with networked, digital media. The topic of this volume makes a valuable contribution to the understanding of contemporary processes of social, cultural and political changes. The handbook provides the reader with the most current state of mediatization research.

Pragmatics across Languages and Cultures Anna Trosborg 2010-08-31 This handbook provides a comprehensive overview, as well as breaking new ground, in a versatile and fast growing field. It contains four sections: Contrastive, Cross-cultural and Intercultural Pragmatics, Interlanguage Pragmatics, Teaching and Testing of Second/Foreign Language Pragmatics, and

Pragmatics in Corporate Culture Communication, covering a wide range of topics, from speech acts and politeness issues to Lingua Franca and Corporate Crises Communication. The approach is theoretical, methodological as well as applied, with a focus on authentic, interactional data. All articles are written by renowned leading specialists, who provide in-depth, up-to-date overviews, and view new directions and visions for future research.

Media, Organizations and Identity Lilie Chouliaraki 2009-12-09 The mass media, press and television have always been central in the formation of corporate identity and the promotion of business image and reputation. This volume provides a new perspective into the interrelationships between media and organizations across three dimensions: Media as Business, Media in business and Business in the media.

Online version available at Wiley Online Library Awarded 2017 Best Edited Book award by the Organizational Communication Division, National Communication Association

Public Relations and the Corporate Persona Burton Saint John III 2017-07-20 For much of the last century, large, predominantly US corporations used public relations to demonstrate that their missions resonated with dominant societal values. Through the construction and conveyance of the "corporate persona", they aimed to convince citizens that they share common aspirations - and moreover that their corporate "soul" works as a beneficent force in society. Through examining key examples from the last 80 years, this book argues that PR, through the corporate persona, works to create a sense of shared reality between the corporation and the average citizen. This has been instrumental in conveying, across generations, that the corporation is an affinitive corporate persona - a fellow companion in the journey of life. The construct is obviously ripe for manipulation, and the role of PR in creating and promoting the corporate persona in order to align corporations and stakeholders is potentially problematic. From wage inequality to climate change,

preserving the corporate status quo may be negative. This original and thought-provoking book not only critically analyses how PR and its role in the corporate persona works to solidify power, but also how that power might be used to further goals shared by the corporation and the individual. Scholars and advanced students of public relations, organizational communications and communication studies will find this book a challenging and illuminating read.

The Handbook of Communication

Engagement Kim A. Johnston 2018-07-31

A comprehensive volume that offers the most current thinking on the practice and theory of engagement With contributions from an international panel of leaders representing diverse academic and professional fields The Handbook of Communication Engagement brings together in one volume writings on both the theory and practice of engagement in today's organizations and societies. The expert contributors explore the philosophical, theoretical, and applied concepts of communication engagement as it pertains to building interaction and connections in a globalized, networked society. The Handbook of Communication Engagement is comprehensive in scope with case studies of engagement from various disciplines including public relations, marketing, advertising, employee relations, education, public diplomacy, and politics. The authors advance the current thinking in engagement theory, strategy, and practice and provide a review of foundational and emerging research in engagement topics. The Handbook of Communication Engagement is an important text that: Provides an overview of the foundations and philosophies of engagement Identifies the contexts of engagement relating to specific areas across government and corporations, including CSR, consumer, activism, diplomacy, digital, and social impact Includes examples of contemporary engagement practice Presents applications of engagement and technology Offers

insights on the future directions of engagement The Handbook of Communication Engagement offers an essential reference for advanced undergraduate, graduate students, practitioners and scholars from communication, media, advertising, public relations, public policy, and public diplomacy areas. The volume contains a compendium of the writings on the most recent advances on the theory and practice of engagement. Winner of the 2018 PRIDE Award for Innovation, Development, and Educational Achievement from the Public Relations Division of the National Communication Association.

Strategic Communication and

Deformative Transparency Isaac Nahon-Serfaty 2018-09-14

This book examines deformative transparency and its different manifestations in political communication, propaganda and public health. The objective is to present the theoretical foundations of deformative transparency, as grotesque and esperpentic transparency, and illustrate the validity of such approach to understand the strategic and ethical implications of the proactive disclosure of the "shocking", "ugly" or "outside the norm". Four areas are discussed: political communication with particular focus on populist politicians as the deceased Venezuelan president Hugo Chávez, the campaign and presidency of Donald Trump, and the tenure in office of the mayor of Toronto, Rob Ford; propaganda strategies of Islamist terrorist organizations such as the Islamic State's escalation of the visually horrific; and public health campaigns that use "disturbing images" to promote public awareness and eventually influence behavioural change. This study on the transparently grotesque is part of a research program about the economy of emotions in public communication.

Employer Branding for Competitive

Advantage Geeta Rana 2021-03-21 This book shows how to build and maintain a distinctive and credible employer brand and develop a set of relevant success metrics to help measure return on investment (ROI).

Starting with the current interest in employer branding, this book looks at the historical roots of brand management and the practical steps to achieve employer brand management success. The book will review the pressures that have generated current interest in employer branding. It goes on to look at the historical roots of brand management and the practical steps necessary to achieve employer brand management success. The book includes the business case, research, positioning, implementation, management and measurement, and case studies of big-named employer brand stories. This book will provide new insights into the field of employer branding and provide directions and tools for organizational brand building. It will be beneficial for research scholars, engineers, practitioners, and management students.

Handbook of Integrated CSR

Communication Sandra Diehl 2016-12-29

This handbook pursues an integrated communication approach. Drawing on the various fields of organizational communication and their relevance for CSR, it addresses innovative topics such as big data, social media, and the convergence of communication channels, as well as the roles they play in a successfully integrated CSR communication program. Further aspects covered include the analysis of sector-specific, cross-cultural, and ethical challenges related to the effective communication of CSR. This handbook is unique in its consistent focus on integrated communication. It is of interest not only for the scientific discourse, but will also benefit those corporations that not only seek to operate in a socially responsible manner, but also to communicate their efforts to their various stakeholders. Besides its significant value for researchers and professionals, the book can also be used as a reference for undergraduate and graduate students interested in successful CSR communication.

Integrated Marketing Communications in Football Argyro Elisavet Manoli 2022-07-01 This book takes an important

step forward in showing how Integrated Marketing Communications (IMC) have been applied within the English Premier League (EPL) – arguably the most commercialised and watched sport league in the world – and how it can and should be utilised in the context of other sports properties. Drawing on cutting-edge empirical research, the book offers a detailed view into the marketing communications practices of EPL clubs (such as brand management and communications alignment), the football clubs' practitioners' perspectives of IMC and the integration processes taking place within the clubs. It examines the key marketing communications practices that strategic IMC entails, including marketing strategies and goals, cross-functional communication, external communication management and brand management, and helps researchers and practitioners to understand how IMC can have the maximum positive impact on the brand of an organisation, by managing their content, channels, stakeholders and results. This book is fascinating reading for any researcher, advanced student or practitioner with an interest in sport management, the business of football, sport marketing, or innovative approaches to marketing and business communications in other commercial spheres.

The Handbook of Communication and Corporate Reputation Craig E. Carroll 2015-06-22 With the latest insights from the world of communication studies into the nature of corporate reputation, this new addition to Wiley-Blackwell's series of handbooks on communication and media reflects the growing visibility of large businesses' ethical profiles, and tracks the benefits that positive public attitudes can bring. Serves as the definitive research collection for a fast-growing field featuring contributions by key international scholars Brings together state-of-the-art communication studies insights on corporate reputation Identifies and addresses the lacunae in the research literature Applies new theoretical

frameworks to corporate reputation
Corporate Communication Joep Cornelissen 2011-04-06 This book incorporates current thinking on corporate communication from both the academic and practitioner worlds, combining a comprehensive theoretical foundation with practical guidance and insights to assist managers in their strategic and tactical communication decisions. Rich case-study examples are provided from companies in the United States, the U.K., continental Europe, South-East Asia, and Australia.

Future Directions of Strategic Communication Howard Nothhaft 2020-06-30 This book examines the state of strategic communication as a discipline and how it has emerged as a unique area of scholarship in the beginning of the 21st century. Strategic communication encompasses all communication that is substantial for the survival and sustained success of entities like corporations, governments, non-profits, social movements, and celebrities. A major aspect of the field is the purposeful use of communication by an organization to engage in conversations of strategic significance to its goals. The contributions in this book provide unique insights, make compelling arguments, and highlight promising areas of scholarship in strategic communication. Presented in four parts, the chapters explore the emergence of strategic communication, its conceptual foundations, its expanding body of knowledge, and the foundation for further development and new directions in the field. Of interest to those studying communication from the perspectives of communication science, management theory, organizational studies, or business administration, this volume will also be useful for readers who are new to strategic communication, and who are interested in the field for its new avenues of research. This book was originally published as a special issue of the *International Journal of Strategic Communication*.

Contemplating Corporate Marketing, Identity and Communication Klement

Podnar 2013-12-16 Since the first International Corporate Identity Group's symposium in 1994, the fields of corporate identity, corporate communications and corporate branding have become a focal point for scholars and managers alike. Recently, the term corporate marketing has incorporated a host of key corporate-level concepts, representing a new paradigm of thought. *Contemplating Corporate Marketing, Identity and Communication* is a collection of papers and extended abstracts from the 12th ICIG symposium, presenting a variety of perspectives with a view towards stimulating debate about the advances in corporate marketing, identity and communication. The contributions in this volume examine critically the development of the field and focus for future research in order to encourage cutting-edge scholarship along with practitioner insights. In a field characterized by paradoxes – unity and variety; integration and specialization – the aim is to integrate diverse practices to inspire a more sophisticated approach or theoretical framework. The papers in this volume are both challenging and distinctive.

Organization as Communication Steffen Blaschke 2016-12-08 The idea that communication constitutes organization (CCO) provides a unique perspective to organization studies by highlighting the fundamental and formative role of communication for organizational phenomena of various kinds. The book features original works that address the idea of organization as communication in the light of other theories, related concepts, as well as the tension between strategy and emergence. The first set of chapters discusses the idea of organization communication in the light of critical works of European scholars (Habermas, Honneth, and Günther). The second set of chapters reflects on a range of concepts such as institutions, routines, and leadership from a CCO perspective. The final set of chapters examines the tension between strategic and emergent communication by drawing on

new methodology and empirical evidence. The chapters are set into dialogue with some of the most prominent proponents of CCO scholarship. The book offers an important contribution to CCO thinking by adding European perspectives on organization as communication. It connects the primarily North American approach and European traditions of theoretical thought to existing debates in communication and organization studies.

Integrated Communications in the Postmodern Era Philip J. Kitchen
2014-12-02 This book is readers who wish to develop their knowledge, insight, skills, and facility into integrated communications within the post-modern era, a topic of relevance everywhere, but particular apposite as the original conference was hosted in Turkey, a rapidly developing nation, and one enjoying significant growth in the global.
