Law of Attraction Daniel D'Apollonio 2016-12-09 The law of attraction is something almost everyone has experienced, on a conscious or subconscious level at one time or the other. Even as we speak, you have experienced the law of attraction at some point in your life. Do you doubt this immutable fact? Consider this: Look back to all those times when you were thinking about someone, your phone started ringing with the person you were thinking of on the other end of the line, or the time when you were thinking about someone, and out of nowhere, you bump into the person on the street. You may choose to label these things mere 'coincidences,' 'luck,' or 'fate' because a part of you finds it difficult to accept the existence of energy in sync with your thoughts, an energy capable of attracting the things you want. This energy is the universal energy. You can tap into this energy to transform every aspect of your life and attract everything you desire. How do you do that; how do you tap into this power? Well, you use the law of attraction. What is the law of attraction? This book will teach you everything about the law of attraction, how it works, and then detail how you can consciously begin to use it to get the things you want whether these things are the ideal relationship, a good job, better health, money, you name it.

Everyone really has a purpose in life, says Carol Adrienne in her new guide to harnessing the power inside yourself. The question is: How do you learn to go with the flow and let your true nature guide you? Chapter by chapter, The Purpose of Your Life explains how to locate the source of your innate energy and focus it, how to align yourself with the natural forces that swirl around us always, and how to develop the intuition that fosters synchronicity. The book is packed with illuminating anecdotes and profiles of fascinating people -- from artists to urban planners to Zen masters -- who describe how they found their own purposes. There are practical exercises throughout, along with charts, self-questionnaires, and other tools that help you understand yourself and your deepest aspirations. As you learn to recognize and trust the voice of intuition, you'll find new doors opening and new possibilities everywhere. You'll feel invigorated by the potential you've unleashed, a power that will only grow with each new accomplishment. And you'll discover the serenity and satisfaction that come only to those who are living life to the fullest. The Force is with you -- all you have to do is reach out and start to use it.
