Guided Imagery & Music (GIM) and Music Imagery Methods for Individual and Group Therapy Denise Grocke 2015-05-21 This is the first book to systematically describe the range of approaches used in music imagery and Guided Imagery and Music across the lifespan, from young children through to palliative care with older people. Covering a broad spectrum of client populations and settings, international contributors present various adaptations of the Bonny Method of Guided Imagery to accommodate factors such as time restraints, context (including hospitals, schools, and the wider community), client symptomology, and the increasing use of more contemporary music. Each chapter presents a different model and includes background information on the client group, the type of approach, elements of approach (including length of the session, choice of music, verbal interventions during the music, and discussion of the experience), and theoretical orientation and intention. A nomenclature for the range of approaches is also included. This information will be a valued guide for both practitioners and students of Guided Imagery and Music and receptive methods of music therapy.

Lean Thinking James P. Womack 2013-09-26 Lean Thinking was launched in the fall of 1996, just in time for the recession of 1997. It told the story of how American, European, and Japanese firms applied a simple set of principles called 'lean thinking' to survive the recession of 1991 and grow steadily in sales and profits through 1996. Even though the recession of 1997 never happened, companies were starving for information on how to make themselves leaner and more efficient. Now we are dealing with the recession of 2001 and the financial meltdown of 2002. So what happened to the exemplar firms profiled in Lean Thinking? In the new fully revised edition of this bestselling book those pioneering lean thinkers are brought up to date. Authors James Womack and Daniel Jones offer new guidelines for lean thinking firms and bring their groundbreaking practices to a brand new generation of companies that are looking to stay one step ahead of the competition.

The Educators' Handbook to Interactive Videodisc Ed Schwartz 1985 This overview of interactive videodisc technology is designed to assist educators in finding the appropriate equipment and software for any specific application. The handbook may also serve as a starting point for many educators who know nothing of the technology and assist them in deciding whether this technology is worth pursuing as an educational tool in specific situations. Although not comprehensive, the listings reflect a good portion of the videodisc-related products available today and the prices provide a good indication of the general price range of specific items. The handbook contains 10 chapters: (1) Introduction to Videodiscs; (2) Overview of Laser Disc Systems; (3) Selecting a Laser Videodisc Player; (4) Video Playback Units; (5) Videodisc Interface Units; (6) Disc Player Peripherals; (7) Videodisc System Packages; (8) Educational Videodisc Software; (9) Interactive Videodisc Authoring Languages; and (10) Videodisc Care and Maintenance. Appendices include directories of laser disc players; television monitors and projects; laser

disc interfaces; laser disc peripherals; laser disc system packages; videodisc software (listed by subject area); videodisc mastering options; interactive authoring languages; service information; and videodisc resources, which includes a manufacturer's index. (DJR) Field manual for African archaeology Alexandre Livingstone-Smith 2017 "This manual aims at explaining essential concepts pertaining to the practice of conducting archaeological field work in Africa. No fewer than 63 authors draw on their practical experience in the field to cover specific topics. It seeks to provide concise and readable notes that can be consulted in the field. Each chapter corresponds to a specific phase in the investigative process, from locating and excavating a site, to cataloguing and interpreting findings, and then publishing the results." --Home page
