**Samurai!** Saburo Sakai 2015-01-31 *Samurai!*, first published in 1957, is the war-time account of Saburo Sakai, the leading Japanese fighter ace to survive the Second World War. Sakai, born in 1916, hoped to escape the poverty of life in his rural village by enlisting in the Imperial Japanese Navy at age 16. In 1937, he graduated at the top of his pilot-training class, and soon saw combat in China. Later, against the Allies, Sakai engaged in more than two hundred dogfights, from the Philippines to Iwo Jima, and by war's end had reportedly downed a staggering total of 64 Allied aircraft. His most renowned accomplishment occurred after action over Guadalcanal in August 1942; partially paralyzed and nearly blind from multiple wounds, Sakai managed to fly his damaged plane 560 miles to Rabaul and safely land his Zero fighter. By the end of World War II he had logged 3,700 flight hours, including some 1,500 hours in the Zero. *Samurai!* provides a unique look into the Samurai character and the human emotions of soldiers in any war, regardless of race or nationality. In addition to Sakai's personal story, the book remains an invaluable eyewitness account of some of the most famous battles of the Pacific war. This new edition includes nine pages of photographs.

**Six Questions of Socrates: A Modern-Day Journey of Discovery through World Philosophy** Christopher Phillips 2011-01-17 How people around the world grapple with the great questions posed by Socrates. What is virtue? What is moderation? What is justice? What is courage? What is good? What is piety? Socrates thought that understanding the perspectives of others on these six great questions would help him become a more excellent human being. Following in Socrates's footsteps, Christopher Phillips—"Johnny Appleseed with a master's degree" (Utne Reader)—investigates these same questions, beginning in the marketplace of modern-day Athens. He goes on to investigate the timely responses and outlooks of people from different cultures and backgrounds around the

world: from Greece and Spain to Japan and Korea, Mexico City, and Chiapas, where the region's indigenous people struggle for fundamental human rights. Phillips also traveled throughout the United States, holding dialogues in diverse communities from New York City to the Navajo Nation. Introducing us to less familiar thinkers in non-Western traditions who were kindred spirits of Socrates, Phillips enlarges our perspectives on life's fundamental questions, creating an innovative world survey of philosophy.
